

2020 Garden Share Program

www.castaneafarms.com

Check the box for your needs:

\$250: Single (2 persons)

\$450: Double (2-4 person)

Coming this season at Castanea Farms, we are happy to offer garden shares. 20 weeks of fresh, local produce available for pickup at the farm. Harvest begins May 22th and runs for 20 weeks. The season may be started earlier or extended based on availability. A few examples of what is planned include: salad greens, red beets, carrots, tomatoes (sauce, large, salad size), peppers (hot and bell), beans, broccoli, peas, zucchini (yellow/green), cauliflower, cantaloupe, spaghetti squash, strawberries, sweet corn, sweet potatoes, and more!

What Are My Options?

Prepared box of veggies, or on site farm stand for a la carte items.

How Does it Work?

Castanea Farms will be providing a season of fresh produce. Every week an availability announcement will be made through email. For the large size, each customer will be receiving 6-8 items in their package. This is approximately what the average 2-4 person household consume in a week.

- On farm pickup for prepared box will be 5-7 on Fridays or Saturday.
- Specialty items will be offered a la carte as available at the farm stand.
- Arrangements may be made ahead of time to accommodate schedules when needed.

Customer Agreement:

Castanea Farms, LLC will strive to provide customers with an abundant and diverse supply of high quality produce weekly. As a member of the Garden Share program, I understand that due to the risks of farming, there are no guarantees on the exact amount or type of produce I will receive. As a Garden Share member, I am solely responsible for payment and pickup of produce during distribution hours.
